- **Phone:** +20 1112268819
- **LinkedIn:** [Mohamed Shehata \(Torky\)](#)
- **GitHub:** [MoShehata7920](#)

## PROFILE

---

Flutter Developer with 2 years of experience delivering 15+ cross-platform mobile applications across e-commerce, booking, medical, education, and finance domains. Skilled in Clean Architecture, MVVM, Bloc/Cubit state management, and Firebase. Proven ability to optimize legacy codebases, build scalable features, and collaborate in Agile teams. Adept at CI/CD, app deployment, and performance tuning, with strong problem-solving and teamwork skills.

## EDUCATION

---

**Bachelor of Engineering, Computer and Automatic Control**

*Tanta University | Graduated: 2023 | Grade: Good*

## PROFESSIONAL EXPERIENCE

---

### Flutter developer

**Mega dev | March 2025 – Present**

- Delivered 4 production applications (Azkar El-Ganna, Laborex, Med Up Skills, Task Manager), with 2 apps deployed on Google Play Store until now.
- Laborex: Enhanced performance of a legacy pharmacy-warehouse app, fixed critical issues, and implemented an in-app chat feature improving communication between stakeholders.
- Azkar El-Ganna: Independently built and deployed a Flutter app with Cubit state management for Islamic reminders via local notifications & alarms.
- Med Up Skills: Collaborated with cross-functional team to develop a secure training app for medical professionals, including payment workflows and trainer-trainee agreements.
- Task Manager: Solely developed a productivity app for task organization, applying Clean Architecture and state management best practices.
- Partnered in Agile/Scrum teams, ensuring on-time delivery and scalable architecture.

### Freelance Flutter Developer

**Mostaql.com | 2023 – 2024**

- Built and deployed client applications including e-commerce and booking platforms, delivering end-to-end solutions.
- 3 Men Barber Shop: Developed a booking platform for a German client, released on [Play Store](#) & [App Store](#).
- Delivered multiple smaller projects across business domains with efficient state management (Bloc/Provider) and scalable code structures.

## KEY PROJECTS

---

### SED (Graduation Project – grade: A++)

- Led a team to build a C2C e-commerce app with in-app chat using MVVM.

### 3 Men Barber Shop (Freelance Project)

- Developed a Flutter-based booking platform for a German barber shop, allowing customers to schedule appointments and admins to manage bookings efficiently.

### Azkar El-Ganna

- a Flutter app utilizing Cubit state management to deliver Zekr reminders through local notifications and alarm features, enhancing daily spiritual practice. The application is currently available on the [Play Store](#) .

### Med Up Skills

- A mobile app for medical students and professionals, offering offline skill-based training with verified sessions and expert trainers. It ensures secure payments, credibility, and legal agreements between trainees and trainers.

### Laborex

- A mobile app managing operations between medicine warehouses, pharmacies, and drivers. I improved the drivers' version by fixing issues and developed the new pharmacy version. The application is currently available on the [Play Store](#) .

**Other Projects:** Speak Up (A language learning app with AI-driven), Electronic Shop (B2C e-commerce app) Ana Muslim (Islamic App), Budget Master (Personal Financial Tracking app), El Kaweer (Football App), Be Fit (Fitness Tracking App), Social App (Networking App), Notes App (Notes app using voice), Task Manager and some games using Flame

## SKILLS

---

### Technical skills:

- **Languages:** Dart, Kotlin, Python, JavaScript.
- **Frameworks & UI Toolkits:** Flutter, XML.
- **State Management:** Provider, Bloc, Cubit.
- **Architecture & Design Patterns:** Clean Code Architecture, MVVM, SOLID Principles.
- **APIs & Data Handling:** REST APIs, Firebase, SQLite, Hive.
- **Testing & Debugging:** Unit Testing, Widget Testing, Integration Testing.
- **Other Technologies:** Git, GitHub collaboration, Agile/Scrum basics.

### Soft skills:

- Problem-Solving & Troubleshooting, Working Under Pressure, Teamwork, Adaptability & Self-Learning  
Time Management & Organization, Effective Communication, Emotional Intelligence.
